

The Mayor of Mantsopa Local Municipality (Right) Cllr Denis Sello Ntsepe and Municipal Manager Mr. Selby Selepe at Itumeleng Hall during the Imbizo.

On the 30th October 2013, the Mayor of Mantsopa local Municipality Cllr Denis Sello Ntsepe held an Imbizo in Manyatseng at Itumeleng Hall.

Together with SASSA, Home Affairs, Primary Health Care and SAPS, the event was a success. Local residents came in numbers to hear the Mayor and other stakeholders reflect on the progress the Municipality and Government made to the community.

The Mayor highlighted the following current infrastructure projects to the community. He mentioned that the Municipality has made strides in eradicating buckets in Depilaneng (Hobhouse) and Borwa (Tweespruit) as well as upgrading of water treatment works in both towns. In Manyatseng construction work is in progress on the paving of Phase 1 of ring road.

As far as the provision of sites is concerned, the municipality is currently developing and installing water and sewer reticulation for 383 sites in Extension 9

in Manyatseng, 200 sites in Extension 7 in Depilaneng and 417 sites in Extension 3 in Mahlatswetsa. The Mayor mentioned that the Department of Human settlement is presently completing the incomplete houses in Mantsopa. About 1000 (One Thousand) title deeds would be handed over to the beneficiaries in the near future.

In order to alleviate the shortage of water supply in Manyatseng, four (4) boreholes have been completed to supplement the supply of water in high lying areas.

10 highmast lights have been installed in Manyatseng and are now working.

About 600 youth have been registered to participate in construction CETA learnership.

The Mayor indicated that another session of Imbizo will be held in Manyatseng to cater for those who could not be present on that day. Dates for the Imbizos in other towns of Mantsopa will be announced.

Compiled by Mr. Mokoatsi M.D. (Manager: Communications and Marketing, Mantsopa Local Municipality)
