Media Advisory

Load-shedding to hit Mantsopa

Mantsopa Local Municipality (MLM) is one of the municipalities that are likely to be hit by load-shedding this afternoon.

According to an official communiqué from Eskom the envisaged load-shedding will not last for more than three hours.

"We have been told that it will start from 16h00 until 18h30 today," explained Mantsopa Municipal Manager Thamae Masejane.

As a result of the load-shedding, water-supply within the municipality will be interrupted during that period. Municipal Manager advises the residents to collect enough water to meet demands during the load-shedding period.
